This portion to be filled out in person at Forest View Farms

By signing below, it is understood that the volunteer named above is NOT being hired as a full or part time employee, and is not being paid as such, but is given consent to help and ride at Forest View Farms. Any monies that may be given will be considered tips or gifts, not pay. It must be understood that we receive many requests to help out as volunteers and have many teens and adults who want to hang around the stables, barn and horses, and other farm animals at Forest View Farms. It is impossible to hire everyone as a volunteer but we also understand that this is the way many of us got started, and we don't want to keep everyone away. Forest View Farms won't tolerate idleness and people just hanging around, therefore, everyone is required to do something. It may be cleaning, feeding, grooming, escorting, etc. It is understood that horses and other barn animals at Forest View Farms are unpredictable animals that may kick, bite, step on toes, etc, and Forest View Farms cannot be responsible for accidents that may happen.

The undersigned understands the above and hereby releases and forever discharges Forest View Farms, James G. Larson, his heirs, executors, administrators, and assigns, and any and all other persons such as instructors, Livery Operators, etc, from liability and any and all claims, demands, damages, actions, causes of actions, of suits of any kind whatsoever, and particularly on account of all injuries known or unknown, both to person or property which have resulted or may in the future, develop as a result of helping with horses, use or rent of horses, other animals at Forest View Farms, related equipment, including but not limited to saddles, bridles, wagon harness, instruction, lessons and all forms of property.

"WARNING"

Under the Illinois Equine Activity Liability Act, each participant who engages in an equine activity expressly assumes the risks of engaging in and legal responsibility for injury, loss, or damage to person or property resulting from the risk of equine activities."
